AWARDING LANGUAGE MARKS

- 1) First of all, assign the script to a mark level under the category of PARAPHRASE.
- 2) Then arrive at the mark level for the USE OF ENGLISH. Before deciding the mark for this level, take the accuracy of the writing into account, in particular the frequency of serious and minor errors. Indicate these errors by underlining. Then assess the ability to form original and extended syntax, outside the text structures.
- 3) Add the marks for PARAPHRASE and USE OF ENGLISH together and divide by two. Raise any half-marks to the nearest whole number.
- 4) Add this mark to the CONTENT mark and show as a total in the right-hand margin of the script.
